

# custom-build air cooled induction coil

United Induction Heating Machine Limited

We are experienced in Induction Heating, induction heating machine, Induction Heating equipment. They are widely used in induction heating service, induction heat treatment, induction brazing, induction hardening, induction welding, induction forging, induction quenching, induction soldering, induction melting and induction surface treatment applications  
<http://www.uihm.com>

Some special induction applications can't using water cooling system, then we can build the air cooled induction coil with heat resisting cables.

custom-build air cooled induction coil heating steel box into 500 C
