

MF-HF induction Evaporation of zinc sulfide materials

United Induction Heating Machine Limited

We are experienced in Induction Heating, induction heating machine, Induction Heating equipment. They are widely used in induction heating service, induction heat treatment, induction brazing, induction hardening, induction welding, induction forging, induction quenching, induction soldering, induction melting and induction surface treatment applications
<http://www.uihm.com>

Induction heating is widely used for Evaporation of various materials.

high frequency induction Evaporation of zinc sulfide materials

medium frequency induction Evaporation of zinc sulfide materials
