

air cooled induction heater provide heating at 23 celcius degree for 60000 sqr metres of 700 houses

United Induction Heating Machine Limited

We are experienced in Induction Heating, induction heating machine, Induction Heating equipment. They are widely used in induction heating service, induction heat treatment, induction brazing, induction hardening, induction welding, induction forging, induction quenching, induction soldering induction melting and induction surface treatment applications

64200KW7060KW6630KVA70023

70 sets of 60KW air cooled induction heaters and 6 sets of 630KVA transformers provide heating at 23 celcius degree for 60000 square metres of 700 households in a housing estate, it's a better and cleaner way to replace burning coal by electricity, the electric heating reform project in Qingdao city is still under processing.

70X60KW air cooled induction heater provide heating at 23 celcius degree for 60000 square metres of 700 households (1)

70X60KW air cooled induction heater provide heating at 23 celcius degree for 60000 square metres of 700 households (2)

70X60KW air cooled induction heater provide heating at 23 celcius degree for 60000 square metres of 700 households (3)

70X60KW air cooled induction heater provide heating at 23 celcius degree for 60000 square metres of 700 households (4)

70X60KW air cooled induction heater provide heating at 23 celcius degree for 60000 square metres of 700 households (5)

70X60KW air cooled induction heater provide heating at 23 celcius degree for 60000 square metres of 700 households (6)

70X60KW air cooled induction heater provide heating at 23 celcius degree for 60000 square metres of 700 households (7)

70X60KW air cooled induction heater provide heating at 23 celcius degree for 60000 square metres of 700 households (8)

70X60KW air cooled induction heater provide heating at 23 celcius degree for 60000 square metres of 700 households (9)
